

Become an Automatic Monthly Donor

Our automatic monthly donation program is a convenient and secure program that allows you to donate any amount you would like in support of Warming Room Community Ministries (WRCM). It is a once-a-month automatic withdrawal that is transferred from your chequing account to ours.

Why be an automatic monthly donor?

WRCM receives generous funding from organizations such as the City of Peterborough, FaithWorks and Trent University. On top of these funding sources WRCM needs to fundraise over \$120,000 a year. When people sign up to be an automatic monthly donor it gives WRCM a more concrete picture of anticipated revenue for the year. Also, there can be times in the year where we donations become a lot lower. Being a monthly donor gives WRCM a more stable revenue stream year round.

How much does it cost?

WRCM is a ministry of St. John’s Anglican Church. St. John’s pays a flat fee each month for such a program. Because we are a part of their program 100% of the funds donated monthly go to WRCM.

How does it work?

Your donation is debited from your chequing account on the 20th of the month, or the next business day. The amount you give is tracked under your donor number and at the end of the year will appear on your income tax receipt.

You can change the amount that you give monthly at anytime, just fill out a new form found at the bottom of the page with the new amount. Depending on when you submit the form, one more withdrawal might occur at the old amount.

Your bank account information, as well as the transactions themselves, are handled with industry-leading confidentiality measures and encryptions.

Automatic Monthly Donation Sign-Up Form
